## BARRIER LEVEL

- [ ] ELEVATED BARRIER
- [ ] INTERMEDIATE BARRIER
- [ ] LOW BARRIER

Please consult our website for descriptions of our barrier levels.

---

### PATHOGENS AND OTHER ORGANISMS - EXCLUDED FROM ALL BARRIERS (SHIPPING STOPPED)

If one of these organisms is found in any Research area, all shipments from the area are suspended and customers are notified.*

*Additional details regarding our health monitoring program and shipping policy.

†The indicated tests are only performed in rooms that house immunodeficient mice.
### OPPORTUNISTIC ORGANISMS MONITORED (SHIPPING NOT STOPPED)

All of these organisms are excluded from elevated barriers and most are excluded from intermediate barriers, but some of these organisms are currently tolerated in low barrier areas. When an excluded organism is found, an investigation is undertaken to identify and eliminate all infected mice from the barrier. Positive results—including results from investigations—are noted in this report, but shipping from the area is not suspended.*
