
This mouse strain (including any and all progeny, "MICE") is distributed by The Jackson Laboratory with the following terms and conditions.

Use of MICE by for-profit entities or for Commercial Purposes requires a license from Taconic Biosciences ("COMPANY") prior to shipping.

Non-profit institutions, universities and hospitals do not need to obtain a license from Taconic Biosciences to purchase STRAINS. The Jackson Laboratory has been advised by Taconic Biosciences that these STRAINS can be made available to nonprofit institutions but only for non-commercial research.

These STRAINS are described by U.S. Patent 6040430 granted to the European Molecular Biology Laboratory, and licensed exclusively to Taconic Biosciences.

Use of US Patent 6040430 requires a license.

To enquire about sub-licensing possibilities please contact:

INFO@TACONIC.COM

Commercial Purpose means: uses of the MICE by any organization, including Recipient to perform contract research, screen compound libraries, produce or manufacture products for general sale, or to conduct research activities that result in sale, lease, licenses or transfer of the MICE to a for-profit organization. However, industrially sponsored academic research shall not be considered a use of the MICE for Commercial Purposes per se, unless any of the above conditions of this definition are met.

As a service to the biomedical research community, The Jackson Laboratory ("JACKSON") provides MICE to Recipient solely for research use and not for a Commercial Purpose. Each Recipient of MICE from JACKSON agrees that MICE and any by-products derived from the MICE shall be used by Recipient solely for internal research and shall not be sold or transferred or provided to any third party. Each Recipient further agrees not to use any agent or other third party to provide breeding or other services with respect to the MICE without the prior written agreement of JACKSON. Acceptance of the MICE from JACKSON shall be deemed agreement to these terms.
