
Licenses for strains designated as "OncoMouse"^{®1,2,3}

Notice to customers in CANADA

Use of these strains may be subject to **Canadian** Patent 1341442 held by Harvard University and licensed to E.I. DuPont de Nemours and Company. Mice are identified as "OncoMouse[®]" in the JAX[®] Mice Price List, Catalog, and web pages are provided under the following Conditions of Use required by DuPont:

Conditions of Use

The animal(s) contained in this shipment are produced and distributed under patent rights licensed from E. I. du Pont de Nemours & Company ("DuPont"). The recipient of the animal(s) is NOT authorized to breed, cross breed, reproduce, transfer possession of or otherwise make ANY use (including use for research purposes) of the animal(s) or biological material derived therefrom (including without limitation cells, eggs, or embryos), without first obtaining a license from DuPont. Any making, using, offering to sell, or selling the animal(s) or any biological material derived therefrom without an appropriate license will be considered an infringement of the patent rights by DuPont.
