"Non-Commercial Biomedical Research" shall mean research conducted on Recipient's premises, the results of which (i) may be published without restriction (subject to a maximum delay of up to 120 days to allow for patent filings) by Recipient, and (ii) are not subject to any ownership interest (or option right to acquire an ownership interest) by any for-profit entity. For the avoidance of doubt, Recipients shall not conduct research with for-profit entities using the MICE or data generated using the MICE.

1. Recipient will use the MICE solely for its internal Non-Commercial Biomedical Research purposes, *provided however*, that such research purposes specifically excludes without limitation, use of the MICE for any commercial purpose or for the benefit of any for-profit institution, or to generate scientific data or information that is conveyed to a third party for consideration;
2. the MICE will be used with caution and prudence in any experimental work and that the MICE will not be used on any human subjects;
3. Recipient Institution will bear all risk to Recipient Investigator and to others resulting from Recipient's use of the MICE;

4. To the extent permitted by applicable law Recipient Institution will defend, indemnify and hold harmless The Regents of the University of California ("UC") and The Jackson Laboratory for all claims, losses and expenses resulting from your use of the MICE;
5. Recipient Investigator and Institution will not allow the MICE to be transferred to any other party without the express written consent of UC; and
6. The UC will be acknowledged in any publications resulting from your work with the MICE and the UC Investigator will be given credit in such publications, as scientifically appropriate.

Recipient Investigator and Institution acknowledge and agree that the subject MICE are experimental in nature and, when delivered, is without warranty of merchantability or fitness for any particular purpose or any other warranty of any kind, including that Recipient's use of the MICE will not infringe any patent or other right of any independent third party.

By signing this agreement, the Recipient Investigator and Institution agree to the above conditions and clearly understand that no other right or license to the MICE is granted or implied as a result of the transfer of the MICE. Recipient agrees that any person utilizing the MICE within Recipient Institution will be advised of and shall be subject to the conditions of this Agreement.
